## EM90SH8

9cf Mortar, Honda GX240

Construction professionals who don't take their jobs lightly turn to Essick's 9-cubic foot (248 liters) steel-drum plaster/mortar mixers to get the job done right the first time.

- Low maintenance with an innovative shaft seal system that requires no greasing
- Heavy-duty drum is built to last
- Reliable 8-hp Honda gasoline engine
- Rugged 14-gauge steel engine cover with punched ventilation openings for increased cooling
- High tensile strength cast paddle arms
- Powder coat paint with durable finish
