

# **SERIES 2500**

## **COUNTER WEIGHT LIFT**

- ✓ No front legs to interfere with lift
- ✓ Cart & mast section breakdown for ease of transportation
- ✓ 650 - 1,000 lb (300 - 455 kg) lifting capacity
- ✓ Four heights 10' - 25' (3 - 7 m)
- ✓ 2 speed winch

Rugged two speed winch and two winch handle drive position creates four speeds.

Because of hand cart balanced design, moving fork, counter weights and base extensions on the job is a snap.

Mast section comes with adjustable steering handle and 10" transportation wheels.
