## To Our Customers...

It is our goal that our catalog will help guide you in the selection of the tools and equipment you need. Please keep in mind this catalog does not represent our total inventory. It is a small depiction of the hundreds of new and used items we have available. So if you don't see what you need please give us a call, we probably have it, but if not we can get it for you. Sincerely, Karin Puff, President Westchester Tool Rentals.

## SOME THINGS YOU SHOULD KNOW

### Hours

7:00 am -5pm Monday thru Saturday  
Closed Sundays and Major Holidays  
(Sunday and Holiday rentals available)

These are abbreviated terms - Full terms and conditions can be found on the rental contract and our website.

### Rental Day

The rental day is based on an 8 hour period. Any equipment used double shift will be charged one and a half times the daily rate; triple shift two times the rate. Special arrangements can be made for 5:00 p.m. pick ups for the next day rentals. Equipment is charged for time out, not time used. Come early for maximum use/greatest value!

### Sunday & Holidays

A one-day minimum charge applies to all tools picked up on the eve before the holiday and returned by 8:00 a.m. the next business day. If the tool is used for two days, the two day charge applies.

### Overtime Charges

Overtime charges will be assessed for equipment not returned on time. Arrangements for late returns must be approved as equipment due back is often scheduled for rental.

### Long Term Rentals

Call for more information.

### Terms & Conditions

A cash deposit and/or a major credit card is taken on all rentals and varies depending on the rentals rate and length of rentals. Adequate identification is required for all rentals.

### Open Account

Credit may be extended to select accounts

with a completed application. Terms are net 30; past due accounts will be closed.

### Delivery Rates

Delivery is available for larger rental equipment and is charged based upon location. Rental time begins when equipment leaves our premises. Customer must call to schedule a pick up. A pick up number will be given to document the call and time equipment is taken off rental. All rental items remain on rental until a pick up is scheduled. We do not automatically pickup equipment at the end of the work day.

Customer is responsible for all items until they are picked up.

### Fuel

Customer pays for all fuel used. All equipment is rented full of fuel and must be returned full or a refueling charge will be applied.

### Reservations

We will gladly reserve equipment in advance whenever possible. If for any reason a reservation cannot be kept it is the obligation of the customer to call not later than 8:00 am on the day of the reservation. These terms must be met or a one day charge will be billed and future reservations will not be honored.

### Loss

In the event equipment is lost or stolen customer will be billed for replacement cost plus accrued rental charges to time of notification.

### Damage Waiver

Customers may obtain our damage waiver on most equipment for a charge of 12% of the rental. This waiver covers 80% of the repair cost and limits the customer to 20% of the replacement cost of equipment damaged beyond repair. Damage waiver does not cover abuse, theft or lost parts.

### Ready for Rental

All equipment is inspected, tested and operated before leaving our premises to verify good working order. A charge will be assessed for any items returned damaged, with excessive wear, or exceptionally dirty.

# 3 GENERATIONS OF FAMILY OWNED BUSINESS

Westchester Tool Rentals offers a comprehensive Tool & Equipment Rental and Retail inventory while providing the best personalized customer service not only for municipalities and the big contractor but also for the homeowner and 'do-it-yourselfer'. Family owned and operated, WTR has been serving the community for over 36 years, and just like an old fashion general store, we probably have what you need, but if we don't we'll be more than happy to find it for you. We are proud to be recognized as one of the top Rental Supply Houses in the NY Metro Region as well as being highly regarded in the rental industry nationally.

Tools have always been in the Puff blood. We had our first garage and tool rental store in Silver Lake, White Plains NY. WTR now includes 2 locations in Elmsford and Peekskill, NY with over 36,000 sq feet of tools and equipment. In 1990, the tool-rental business diversified into the party-rental biz, creating a sister company, Party Line Tent Rentals. The result is that Party Line is much more than just tents: It supplies generators, air-conditioners, cooking equipment, China table-top, and chairs, as well.

*Buddy, Kenny & Ben Puff*

*The Puff family first garage and tool rental in Silver Lake, White Plains NY*
